

Okeechobee Achievement Academy

SAC voted to keep this design. Parents wanted the students to have 3-5 general things to work on. They felt that those items would not only help them in school but later in their job life. Teachers wanted the parents to know that they were welcome to participate in the classroom and various school activities. Our parents change on a 9 week basis and the teacher felt that it was important to highlight the participation. Parents did not feel that a change was needed to their area.
